

1 **Sole Proprietorships**

- What role do sole proprietorships play in our economy?
- What are the advantages of a sole proprietorship?
- What are the disadvantages of a sole proprietorship?

2 **The Role of Sole Proprietorships**

- A business organization is an establishment formed to carry on commercial enterprise. Sole proprietorships are the most common form of business organization.
- Most sole proprietorships are small. All together, sole proprietorships generate only about 6 percent of all United States sales.

3 **Characteristics of Proprietorships**

- Most sole proprietorships earn modest incomes.
- Many proprietors run their businesses part-time.

4 **Advantages of Sole Proprietorships**

1 Ease of Start-Up

- With a small amount of paperwork and legal expenses, just about anyone can start a sole proprietorship.

Relatively Few Regulations

- A proprietorship is the least-regulated form of business organization.

2 Sole Receiver of Profit

- After paying taxes, the owner of sole proprietorship keeps all the profits.

Full Control

- Owners of sole proprietorships can run their businesses as they wish.

Easy to Discontinue

- Besides paying off legal obligations, such as taxes and debt, no other legal obligations need to be met to stop doing business.

5 **Disadvantages of Sole Proprietorships**

- 1 • Sole proprietorships have limited access to resources, such as physical capital. Human capital can also be limited, because no one knows everything.

- 2 • Sole proprietorships also lack permanence. Whenever an owner closes shop due to illness, retirement, or any other reason, the business ceases to exist.

8 **Partnerships**

- What types of partnerships exist?
- What are the advantages of partnerships?
- What are the disadvantages of partnerships?

9 **Types of Partnerships**

Partnerships fall into three categories:

- General Partnership
 - In a general partnership, partners share equally in both responsibility and liability.
- Limited Partnership
 - In a limited partnership, only one partner is required to be a general partner, or to have unlimited personal liability for the firm.
- Limited Liability Partnership
 - A newer type of partnership is the limited liability partnership. In this form, all partners are limited partners.

10 **Advantages of Partnerships**

- Partnerships offer entrepreneurs many benefits.
 1. Ease of Start-Up
 - Partnerships are easy to establish. There is no required partnership agreement, but it is recommended that partners develop articles of partnership.
 2. Shared Decision Making and Specialization
 - In a successful partnership, each partner brings different strengths and skills to the business.
 3. Larger Pool of Capital
 - Each partner's assets, or money and other valuables, improve the firm's ability to borrow funds for operations or expansion.
 4. Taxation
 - Individual partners are subject to taxes, but the business itself does not have to pay taxes.

11 **Disadvantages of Partnerships**

- Unless the partnership is a limited liability partnership, at least one partner has unlimited liability.
- General partners are bound by each other's actions.
- Partnerships also have the potential for conflict. Partners need to ensure that they agree about work habits, goals, management styles, ethics, and general business philosophies.

12 **Section 2 Assessment**

1. What advantage does a partnership have over a sole proprietorship?
 - (a) The responsibility for the business is shared.

- Corporations are not without their disadvantages, including:
 - Difficulty and Expense of Start-Up
 - Corporate charters can be expensive and time consuming to establish. A state license, known as a certificate of incorporation, must be obtained.
 - Double Taxation

Corporations must pay taxes on their income. Owners also pay taxes on dividends, or the portion of the corporate profits paid to them.

Loss of Control

Managers and boards of directors, not owners, manage corporations.

More Regulation

Corporations face more regulations than other kinds of business organizations.

18  **Corporate Combinations**

- Horizontal mergers combine two or more firms competing in the same market with the same good or service.
- Vertical mergers combine two or more firms involved in different stages of producing the same good or service.
- A conglomerate is a business combination merging more than three businesses that make unrelated products.

19  **Multinationals**

1 Advantages of MNCs

- Multinationals benefit consumers by offering products worldwide. They also spread new technologies and production methods across the globe.
